GLOBAL MINERALS ANNOUNCES INVESTMENT ADVISOR APPOINTMENT

Vancouver, B.C., August 25, 2009 – Global Minerals Ltd. (the “Company” or “Global”) (CTG:TSX-Venture Exchange, DFP: Frankfurt, OTC: GMLFF.PK) announces that it has engaged Rosmir Capital Corp of Toronto to assist in raising financing for Global’s Strieborna silver, copper, and antimony project in Roznava, Slovakia. Rosmir is a private corporate finance advisory boutique.

A NI 43-101 compliant Technical Report dated April 22, 2008 summarized the current resources of the Strieborna silver-copper vein deposit as follows:

Mineral Resource Category	Quantity	Average Horizontal Width	Estimated Average Grades			
			Silver (Ag)	Copper (Cu)	Antimony (Sb)	Iron (Fe)
	Mt	metres	g/t	%	%	%
Measured	215	5.8	469.0	2.2	1.4	20.6
Indicated	1,710	3.4	202.0	1.0	0.6	33.2
Inferred	1,500	3.2	280.0	0.9	0.6	33.6

Note: Quantity includes an estimated 35,000 tonnes of mined out development material

This Technical Report is filed on SEDAR at www.sedar.com and is also available on the Company’s website at www.globalminerals.com.

Rosmir will assist in the preparation of an appropriate strategy for financing with particular reference to the longer term strategy for the business, aspirations of shareholders, tax considerations, fair market value of assets, and alternative sources of capital. The strategic and analytical work to be done in this regard by Rosmir will result in a financing memorandum to assist in the implementation of the planned financing.

Current estimates prepared by in-house and independent consulting engineers forecast that an investment of US\$70 million may be required to construct a process facility and bring the mine back into production at a rate of 500 tonnes per day.
